## PERSONNEL

### Communicable Diseases

The board recognizes and reaffirms its responsibility to provide a safe environment for employees. The Board directs staff to follow the directions given by the Department of Health when the Department takes an action regarding communicable diseases. In cases where there may be danger from a disease but the Health Department has not yet taken any action, administrators are to follow this policy. The Superintendent will communicate with the public regarding specifics in each situation.

Efforts are to be made to inform employees about the district's response to communicable diseases. However, information about a specific employee is to be held confidential as directed by state and federal statutes.
