7:00								7:00
8:00								8:00
9:00								9:00
10:00								10:00

Contract User Groups have first right to schedule ice slots purchased the previous year, as available after any special events are approved, to purchase any open ice time available and to schedule Left Over ice early.

Bulk Ice consists of blocks of ice time purchased at reduced rate and subject to forfeiture or conversion to full rate.

1. The availability of bulk ice results from unsold blocks of time after the scheduling of school district athletic activities, contract users and other users and is subject to limitation because of building staffing, maintenance schedules, senior high physical education classes, etc.
2. Bulk ice users do not receive the same services as regular ice purchasers. For example, only the fluorescent, (low level) lights are turned on and the service of ice resurfacing is not always available.
3. Bulk ice can be scheduled 30 days prior to use, however bulk ice time remains available for sale by Community Services at regular rates up to 48 hours prior to the start time of the ice slot. The current bulk ice holder has the option to: (a) pay full price for the ice time being requested by another party, or (b) surrender the time requested by the other party to Community Services for sale.
4. No refund shall be made for bulk ice time scheduled but unused.
5. Bulk ice users will be invoiced the first of each month for ice reserved the prior month, excluding ice time sold to another user as mentioned in 3(b).
6. The minimum number of hours required to purchase ice at the bulk rate is 30 hours per month.
7. The **Bulk Ice Rate** is \$30.00 per hour.

Ice time purchased outside the schedule shown above will require users to pay the cost of custodial overtime and supervisor/s as needed.
