

## STUDENTS

### Attendance

#### Ages of Attendance

The School Board provides educational programs for residents who are of school age or who meet the requirements specified in this policy.

#### School Age

All children between the ages of 6 and 18 must be enrolled in school unless they (1) have graduated from high school, (2) have a legal excuse, (3) have proper medical certification to be excluded from school, (4) have been expelled as per Wisconsin Statutes 118.15.

#### Kindergarten

Kindergarten programs will be provided for children reaching 5 years of age by September 1 of each calendar year.

#### Early Admission

Children under the age of attendance may be admitted to kindergarten or first grade upon recommendation of the Early Admission Screening Committee.

#### Adult Students

A resident over the compulsory school age as is outlined in 118.15 may apply for admission to the senior high school principal. If in the principal's judgment, the presence of the applicant will not interfere with the educational program of the pupils of school age or fill a vacancy that a regular student would fill, the principal may recommend to the Superintendent that the applicant be accepted. It is to be understood that all board policies, school procedures and rules will be followed.

#### Special Education

Students who are eligible for services under subchapter IV of Chapter 115 between the ages of 3 and 21 will be provided an appropriate educational program upon student or parent request. Hearing impaired or visually impaired students who have an Exceptional Education Need may be served in a home program from birth to age 3.

The School District shall not discriminate in admissions to any school, class, program or activity on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability.
