

STUDENTS

Assignment of Students to Teachers

Educational programs and the curriculum offered by these programs is designed to provide a high quality education for each student in the D.C. Everest Area School District. The School Board believes that students should be provided with the opportunity to learn in our educational institutions. Students will be assigned to teachers in such a way as to make the most effective use of District resources.

The building principal will have the responsibility and the authority to assign students to teachers. Parents should discuss any questions or concerns they may have regarding the assignment of a student to a teacher with the building principal. The principal may establish such procedures as he/she may feel are necessary in implementing this process.

Policy Adopted: 5/25/82
Policy Revised: 11/25/08
