Pupil Records

The School Board recognizes and supports the need of pupil records being kept for each pupil in the district. These records will reflect the pupil's physical, emotional, social and academic growth in the educational process.

The School Board recognizes and supports the need for confidentiality of pupil records but realizes that it is to the benefit of the student in certain situations if these records are shared with other individuals and agencies. This sharing shall take place only with prior documented approval by the parent or adult student except in situations where legal requirements specify release of records without this prior approval.

The need for regulations governing the collection, maintenance and dissemination of pupil records is recognized by the School Board; and is required by the Family Educational Rights and Privacy Act, 20 U.S.C. sec. 1232g, 34 C.F.R. Sec 99; and Sec 118.125, Wisconsin Statutes.
